## Product Change Notification

### PCN-IFC-8246-2022

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
IFC - Industrial Field Connectivity	BF2	Product Change Notification	Notify Distributors and Field	9/27/2022

*The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.*

#### Description for Product Change Notification

The M12 connectors with push-in (push-lock) are changing from SPEEDCON to M12 standard. This change affects the entire SACC push-lock portfolio. This change is a strategic decision and will be implemented successively for all SACC's with SPEEDCON. In the future, the SPEEDCON connection will be replaced by the new standardized M12 push-pull connection in accordance with IEC 61076-2-010. From the user's point of view, there are no technical disadvantages (connection, dimensions, etc.). The approvals, such as UL, will also remain unchanged.

#### Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	Yes

#### Transaction Dates

Date modification goes into effect from Germany:	1/1/2023
Expected first shipment (from Phoenix Contact) of the modified products(s):	1/1/2023
