Product Change Notice #082302

Type of Change: End of Life Material Change
 Facility Change Process Change
 Design Change Other

Part Series Affected: TGHDX, TGHDV, and TGHMV (Full list of affected parts numbers included on next page)

Description of Change: The TGHDX, TGHDV, and TGHMV Series from Ohmite which were previously discontinued are being re-continued and the country of origin will change to Mexico.

Reason for Change: After our partner could not support the TGHDX, TGHDV, and the TGHMV series, Ohmite discontinued their part numbers, and announced an End of Life and a cancellation of the parts backlog. However, the decision was made to instead revive the series at our factory in Matamoros, Mexico and continue manufacturing the parts and fulfill the backlog, as well as resume taking new orders for these parts.

Expected Influence on Quality/Reliability/Performance: The TGHDX, TGHDV, and TGHMV will have the same quality, reliability, and performance as in the past as described in the updated datasheet for the [TGHD Series](#) and the [TGHM Series](#).
